

Policy for the use of filming during training sessions

- 1) Filming of children during training sessions may be used from time to time in order to assist a swimmer with their stroke technique
- 2) This should only take place at the request of the coach
- 3) Parents/guardians will be provided with full information such as:
 - The purpose of the filming
 - When the filming will take place
 - Who will be filming
 - What device will be used
 - How long the film will be kept
- 4) Parents/guardians will be required to sign a consent form prior to the filming
- 5) Parents/guardians will be invited to be present for the filming and will be allowed to view the film
- 6) The film should be deleted as soon as it has served its purpose. The deletion should be witnessed by a second coach/poolside helper. Both should sign a statement that it has been deleted.
- 7) If the film is required in order to allow comparison of technique in the future this should be kept by the parent/guardian

This policy should be used in conjunction with the Swim England Wavepower guidance and policies.
